

CONTENTS OF VOLUME 275

Differential Cardioprotective Properties of the <i>l</i> - and <i>d</i> -Enantiomers of Bucindolol in a Canine Model of Heart Failure. <i>J. D. Weyl, R. W. Snyder and R. C. Hanson</i> . . .	4
Effects of Prolonged Cold Storage on the Responsiveness of Isolated and Perfused Canine Intermediate Auricular Artery. <i>T. Ito and S. Chiba</i>	13
The Effect of Dopamine, Apomorphine and Piribedil on the Mesenterial Blood Flow of the Cat. <i>L. György and M. Dóda</i>	22
Similarities and Differences in the Effects of Verapamil, Diltiazem and Nifedipine on Arterial Baroreflexes of Anesthetized Cats. <i>A.-R. A. Abdel-Rahman and A. J. Ingenito</i>	33
Ventilatory Effects of Domperidone, a New Dopamine Antagonist, in Anaesthetized Rabbits. <i>S. Delpierre, J. Peyrot, C. Guillot and C. Grimaud</i>	47
Apparent pA_2 Estimates for an Antinociceptive Receptor. <i>M. P. Parale and S. K. Kulkarni</i>	59
Effects of Intracerebral Morphine and Enkephalins on the Caudate-EEG Spindle Burst. <i>K. Kamata and T. Kameyama</i>	68
Influence of Naloxone on the Antinociceptive Effects of some Antidepressant Drugs. <i>K. Reichenberg, G. Gaillard-Plaza and J. L. Montastruc</i>	78
Improvement of Avoidance Acquisition by the Nootropic Drug Oxiracetam in Mice. <i>M. Sansone, C. Castellano and M. Ammassari-Teule</i>	86
Differential Effect of Prostaglandin Synthetase Inhibitor Pretreatment on Pentylenetetrazol-induced Seizures in Rat. <i>M. C. Wallenstein</i>	93
Pharmacological Studies of 1-(2,3-Dimethyl-4-Methoxyphenyl)-2-Methyl-3-(1-Pyrrolidinyl)-1-Propanone Hydrochloride (AD-2239), A Centrally Acting Muscle Relaxant. <i>T. Ito, M. Hori, K. Furukawa, T. Karasawa and T. Kadokawa</i>	105
Effect of α_2 Agonists Clonidine, Guanfacine and B-HT 920 on Gastric Acid Secretion and Ulcers in Rats. <i>J. Kunchandy, S. Khanna and S. K. Kulkarni</i>	123
Inhibitory Effects of Oxatamide on Several Activities of SRS-A and Synthetic Leukotrienes in Guinea-Pigs and Rats. <i>K. Ohmori, H. Ishii, T. Kubota, K. Shuto and N. Nakamizo</i>	139
Influence of an Inhibition of Thromboxane Synthetase by Imidazole on Kidney Function in Rats during Postnatal Development. <i>R. Herceg, H. Bräunlich and J. Bartha</i>	151
Effects of Histamine and a Histamine Releaser on Body Temperature and Blood Levels of Metabolites and Thyroid Hormones in the Pigeon. <i>T. M. John and J. C. George</i>	160
Effects of Phenobarbital, Phorone and Carbon Tetrachloride Pretreatment on the Biliary Excretion of Acetaminophen in Rats. <i>W. Loeser and C.-P. Siegers</i>	180
Identification and Characterization of 3H -Prazosin Binding to α_1 -Adrenoceptors in Bovine Teat Muscles. <i>E. Roets and G. Peeters</i>	189
Clonidine-Induced Desensitization Differentiates Presynaptic α_2 Adrenoceptors of the Guinea-Pig Ileum and Rat Vas Deferens. <i>M. Ilhan and J. P. Long</i>	199
Enhancement of Acetylcholine-Evoked Catecholamine Release from Perfused Dog Adrenals by Elevating Cyclic AMP levels. <i>K. Morita, T. Dohi, S. Kitayama and A. Tsujimoto</i>	208

A Study of the Effect of 8-Aminoquinolines (Primaquine, Pamaquine, Pentaquine) on the Guinea-Pig Isolated Ileum. <i>J. Fontaine, C. Ouedraogo and J. P. Famaey</i> . . .	217
Effects of Oxamniquine on Neuromuscular Transmission. <i>C. O. Adewunmi and J. A. O. Ojewole</i> . . .	231
Effect of Nifedipine Treatment on Cardiac Myosin ATPase Activity and Responsiveness of Cardiovascular System in the Dog. <i>M. Higuchi and M. Sakanashi</i> . .	238
Chronic Treatment with Nifedipine prevents Development of Hypertension and Abnormal Red Cell Na^+ Transport in Dahl-S-Rats. <i>A. Knorr, M. De Mendonça, B. Garthoff, F. Morich and S. Kazda</i> . . .	248
The Rat Isolated Mast Cell as a Model for the Study of Calcium Antagonists. <i>A. M. Wenzel, A. P. Corrado and W. A. Prado</i> . . .	259
Cardiovascular Effects of Ketanserin in Closed-Chest Anesthetized Dogs. <i>A. van de Water, L. Wouters, R. Xhonneux and S. Reneman</i> . . .	267
Analysis by Microcomputer of the Effect of Capsaicin on Pulmonary Mechanics in the Rat and Guinea-Pig. <i>H. W. Mitchell</i> . . .	279
Effect of Barium Ion on <i>p</i> -Aminohippurate Transport in Basolateral Membrane Vesicles Isolated from Rat Kidney Cortex. <i>M. Hori and M. Gamba</i> . . .	287
An International Trial of Antihypertensive Therapy in Elderly Patients. Objectives, Protocol and Organization. <i>European Working Party on High Blood Pressure in the Elderly (EWPHE)</i> . . .	300
Contents of Volume 275 . . .	335
